

ELAKRU – Antigua Nice

Track 5: Tizzy –Baby Boy

I need a baby boy(2x)

Only u alone (2x)

Only u alone can make me pop

Only u alone (2x)

Only u alone can hit the spot

Baby boy baby boy

Ur one in a million

Sent down from heaven

U got the magic stick

Baby boy baby boy

Got the right motion

Bring the love potion

Tend to the sick

I love the way u put it on

Love the way u turn it on

Love the way u crank it up

Love it when u fill my cup

Love the way u bump and grind

Love it when u start to wine

Love the way u do ur thing

That is why I have to sing

Baby come on come on

U know u got the thing to make me happy

Baby come on come on

U know u got the thing to drive me crazy

Hold me

Squeeze me

Tease me

Let me get freaky freaky (I wanna) (2x)

Only u alone (2x)
Only u alone can make me pop
Only u alone (2x)
Only u alone can hit the spot

Baby boy baby boy
U got my bell ringing
Morning and evening
Say u know the trick
Baby boy baby boy
U got my head spinning
Straight to the ceiling
Just keep doing it

Love the way u mix it up
Love it when u make me pop
Love the way u hold me tight
Dancing with me through the night
Love the way u hit the spot
Love it when u get me hot
Love the things u do to me
That is why I have to say

Baby come on come on
U know u got the thing to make me happy
Baby come on come on
U know u got the moves to drive me crazy

Hold me
Squeeze me
Tease me
Let me get freaky freaky (I wanna) (2x)
