Give me muscle, gimme gimme now*

*I want ur body oh oh oh

All my life I've been searching
Now that I've found u
Make me feel like a sweepstake winner*

*I just want to feel that muscle
When u rub up on my body
Heat that's coming from that muscle captivates my soul*

*Ur body, ur body makes me wanna jump and shout and go insane
Ur body, ur body makes me wanna hop and skip and loose my brain*

*Over naycha body, everyday she crying
Say she want the muscle, cuz it satisfying
She want it late at night, early in the morning
