When it come to fete we no want no partiality  
All we want is unity in the party  
Dancing in the street like family  
No matter where u come from  
No segregation in the nation***

***Cuz I want to see my people just  
Take a jump, take a jump, take a jump  
Take a wave, take a wave, take a wave

***So everybody put u  
Hand in the air, rag in the air, flag in the air,  
Shirt in the air, light in the air, torch in the air  
Start to blaze like u just don't care  
I want to see many nations in the 1000's  
Jamming as one, behind the band singing my song***

*I love to see my people
